I am back. I'll look through our past correspondences, see where things stood then, and get back to you (probably within a few days).

Hi Dr Jacobs,

Happy New Year and all the best for 2013.

We had some correspondence late last year regarding our product BaitSafe®.

I was just wondering if you were back from leave and had had any time to review it.

If you are still on leave please accept my apology for disturbing you.

I will look forward to your reply when convenient.

Kind Regards

Gary McMahon

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.
